CalRecycle Grant manager: Alan Zamboanga

Project Summary: The City of South Lake Tahoe Code Enforcement Team consisting of the City Attorney, Police Department, Building Department and Accounting Services has instituted a "Tiger Team" in order to enforce city code violations and clean up waste on properties. In these cases, the responsible party is unwilling or unable to pay for timely remediation and clean up is needed to protect public health and safety and/or the environment. When property owner is unwilling or unable to pay, or ignore or refuse to clean up properties upon the issuance of citations for code violations from the Police Department, the City Attorney's office will step in and petition the court for an abatement warrant. If the owner does not comply with the order for abatement from the Court, the City Tiger Team comes in to remove and dispose of waste, trash and debris, and demolish partial construction or buildings if deemed a hazard or nuisance to the public.
